

January 31, 2020

Dear Community Partner,

Deaf Children's Society of BC is asking for your collaboration on a fundraising project that will cost you nothing, yet make a positive impact on the environment, persons in developing countries, and help to fund crucial language programs for Deaf children in British Columbia.

Deaf Children's Society has partnered with family owned business, Trans-Continental Textile Recycling Ltd, for over 15 years to provide a forum for reusing, repurposing and recycling clothing that would otherwise be waste material discarded in landfills around BC. This is a win-win solution and provides a means of caring for the earth, supporting persons in-need locally and globally, and supporting Deaf children and their families that live and work in your local community.

Trans-Continental has been working with German engineers to develop a brand new clothing bin that is safe for the community and their dedicated team will ensure that the bin is cared for and maintained on a weekly basis. All bins are fully equipped and are insured for liability. There is absolutely no cost to you as a supporter! Not sure if this is the right choice for your business? Consider a 2-3 month trial! Your business will be frequently highlighted on our Facebook page, on the DCS website, local media, as well as in our AGM report.

To get started, please contact Trans-Continental Textile Recycling at fundraising@transtextile.ca or call them at 604 790 2481 to have a bin set up at your location.

To contact Deaf Children's Society, email us at office@deafchildren.bc.ca or by phone at 604 525 6056. Please check out our website to see all of the great things we do for Deaf children and their families, or simply to make a donation! www.deafchildren.bc.ca

On behalf of the amazing and dedicated families we serve, we thank you for your support !

Lisa Meneian
Executive Director, DCS BC
